### **Project Description:**

The Games and cinema project is set up to promote the development and fulfilment of the children. Every day, this project attracts many children and adolescents to the animation places. This project is open to volunteers who have the skills and willingness to work with children and can accept their peculiarities.

Objective: - Allow the child to have pleasant, enriching and motivating moments of leisure through social games and film projection; -Develop the creativity and imagination of the children;

***Notice:** This is an Africa WG project. Please contact the SCI branch or partner organisation in your country for further information.*

**Work:** The work consists of animating, accompanying and coaching groups of children during games or film workshops; The volunteer plans and prepares with the local volunteer the space for games and or film projection. Its about giving the kid a taste for the game, teaching one how to watch and discovering the game tactics. It is also about giving the adult the opportunity to observe the childs steps, difficulties and possibilities during the game, to have a moment of relaxation and to discover that game, far from being a waste of time, is an excellent means of learning (personal and social learning. Helping children to clearly

distinguish fiction and reality. Awareness of the fact that a film is the result of a construction, that the children propose a point of view on the reality, an interpretation of the reality, but that they do not get confused in any way with the reality

**Requirements:** No specific qualification required The proposed mission is accessible to anyone who is motivated and interested in working with children. Being able to work as a team, but also be self-sufficient. Have a positive attitude Be flexible and patient. But any particular qualification, expertise or support is an added value to the project.
